

## HorseGuard EXTENDER

Safe and adaptable, extenders hold the tape 1ft / 30 cm out wherever you need to protect your horse. They fit all type of posts: wooden, T-Post, round metal posts, etc. HorseGuard extender has been designed to attach to our insulators #8bl (on the line) and our tensioners #BP37 / #BP38 / #BP32 ( on tension post).

For wooden posts, you will need 2 lag bolts #LB50, and for T-Post or metal a clamp #HC.

#13EX is sold by the unit

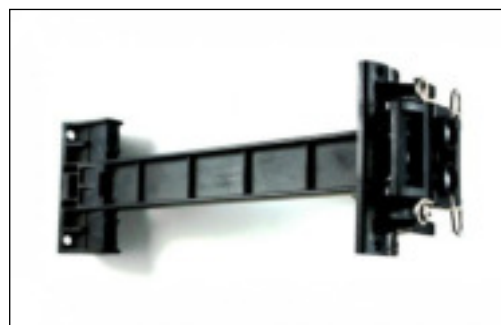

#13EX ( base)

#13EX + #8bl

#13EX + #BP37

#13EX + #BP32
